Contact Teacher's Comments

It has been wonderful teaching you this semester. You are a bubbly class member and it is very clear that you are determined to do well. You are very organised, and come to each class with a positive attitude and are ready to learn. I have seen your confidence develop across the semester, both in terms of your approach to your school work, but also in the way you view yourself and what you are capable of achieving. I also want to congratulate you on the amazing work you are doing in our US Model United Nations club. You are a highly valued member and it is very clear that this is something that you are passionate about. I look forward to seeing your diplomacy and public speaking skills continue to flourish. All the very best for Semester 2.
